A notice published in the Federal Register of March 28, 1972 (37 F.R. 6360), as Treasury Decision 72-88 imposed countervailing duties on tomato products which benefit, directly or indirectly, from the payment or bestowal of a bounty or grant within the meaning of section 303 of the Tariff Act of 1930 (19 U.S.C. 1303), and which have been imported, directly or indirectly, from Greece on and after May 13, 1972.

Until further notice, upon the entry for consumption or withdrawal for consumption of such dutiable tomato products imported directly or indirectly from Greece on and after May 13, 1972, which benefit from such bounties or grants, if such bounty or grant has been or will be paid or credited, directly or indirectly, upon the manufacture, production, or exportation of such tomato products, there shall be collected, in addition to any other duties estimated or determined to be due, countervailing duties in the amount ascertained in accordance with

the above declaration. The suspension of liquidation imposed by Treasury Decision 72–88 is hereby rescinded.

Washington, D.C. 20229

DEAR MR. COMMISSIONER:

On September 28, 1973, the Chairman, Committee for the Implementation of Textile Agreements, directed you to prohibit entry during the twelve-month period beginning October 1, 1973 of wool and manmade fiber textile products in certain specified categories, produced or manufactured in the Republic of Korea, in excess of designated levels of restraint. The Chairman further advised you that the levels of

restraint are subject to adjustment.[1] The directive of September 28, 1973 was previously amended by directive of October 24, 1973.

Pursuant to paragraph 4 of the Bilateral Wool and Man-Made Fiber Textile Agreement of January 4, 1972, as amended, between the Governments of the United States and the Republic of Korea, and in accordance with the procedures of Executive Order 11651 of March 3, 1972, you are directed further to amend, effective as soon as possible, the levels of restraint established in the aforesaid directive of September 28, 1973, for man-made fiber textile products in Categories 221 and 229 to the following:

Category	*Amended Twelve-Month Levels of Restraint*[2]
221	2,812,113 dozen
229	772,753 dozen

The actions taken with respect to the Government of the Republic of Korea and with respect to imports of wool and man-made fiber textile products from the Republic of Korea have been determined by the Committee for the Implementation of Textile Agreements to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the rule-making provisions of 5 U.S.C. 553. This letter will be published in the Federal Register.

Sincerely,

SETH M. BODNER,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance

---

[1] The term "adjustment" refers to those provisions of the Bilateral Wool and Man-Made Fiber Textile Agreement of January 4, 1972, as amended, between the Governments of the United States and the Republic of Korea which provide in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than 5 percent; for the limited carryover of shortfalls in certain categories to the next agreement year; for limited inter-fiber flexibility between cotton textiles and man-made fiber textile products of the comparable category; and for administrative arrangements.

[2] These amended levels of restraint have not been adjusted to reflect any entries made on or after October 1, 1973.
